YARA

Yara - My favorite place in my neighborhood is Target because my daddy lets me buy a lot of toys. They also have stuff for dinner and the supermarket too.

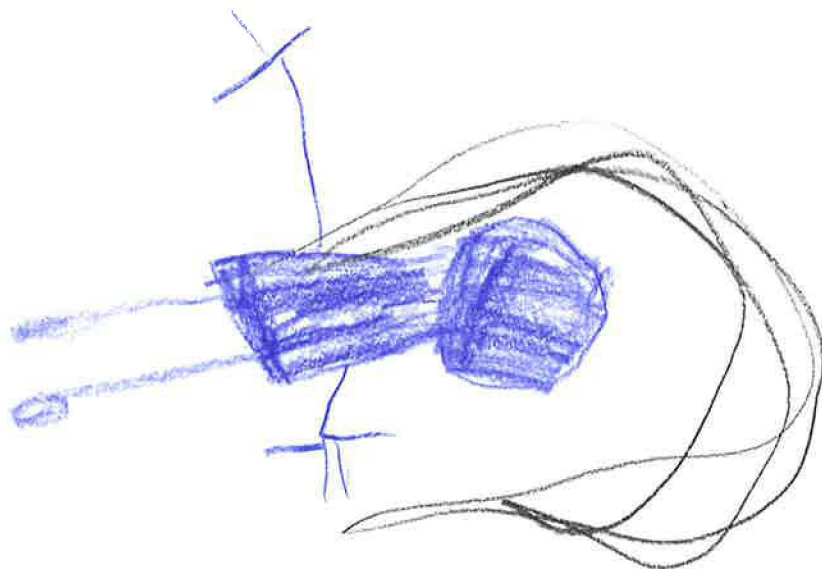

Yara - I like Bicycle and scooter because one time I went to the park with my dad and I brought the scooter. I have a Barbie bicycle to use at the park.

Yara!

Yara- I was at the plant store. I looked for plants there and saw the plant in my picture. Plants have roots, a stem, and a leaf. Some plants you can eat. I love to eat lettuce.

Yara - I was walking with my mommy and I see my shadow, I like to see my shadow. The sun was out. We were going to Target and also the supermarket and my shadow was with me the whole time.

Yara

When I was a baby I slept a lot. I ate smashed potatoes and I crawled and sometimes walked. I didn't play with big legos, but maybe with soft blocks. I sucked my thumb.

BAY

Now I play with hard blocks and soft blocks. I eat chicken and candy now, even like lollipops cause I can suck them. I can write my name and cut with little scissors, but not grown up ones.
